REPORT OF TRUST FUNDS.

In compliance with a law recently passed by the legislature, the undersigned herewith make the following report of Trust Funds held by the town as trustee:

EXTRACT FROM THE WILL OF MARY J. EATON.

\$200.00

I give and bequeath the other half of said money, and the avails of said real estate so remaining to the town school district of said Sutton, to be held by said town of Sutton in trust for the benefit of the Center Village School in said Sutton. Fifty dollars of it to be expended by Cyrus H. Little of said Sutton to purchase a Globe and other necessary fixtures for said School, and an annual interest of the balance of five per cent. to be paid every succeeding year forever after the receipt of the same. . . .

EXTRACT FROM WILL OF MARY R. WADLEIGH.

My will is that said land (meaning the Birch Hill pasture) shall be sold, the money put at interest and the income (after paying for doing the business) be expended yearly in improving and ornamenting the family burial lot of William, Anna and Mary R. Wadleigh, forever. And I do hereby appoint whoever may be first Selectman of said Sutton, Agent, and I hereby authorize said Agent, whoever he may be, to sell and convey said land, to hold all the papers and expend the money as above directed during his term of office as Selectman, and to deliver all the papers and money to his successor, to be forever kept for that purpose.

EXTRACTS FROM THE WILL OF RUTH M. STINSON.

First:

The interest on \$100, or such part of the interest as needed, to keep her lot in the Cemetery in repair.

Second:

One hundred dollars (\$100) to be held in trust if the town will raise one hundred dollars, the interest of the two hundred dollars (\$200) to be used toward keeping the Center Cemetery in repair.

EXTRACT FROM THE WILL OF BETSY J. EATON.

One hundred dollars (\$100) to be given the town of Sutton, the interest to be spent in keeping our lot in East Sutton Cemetery (the Eaton lot) in repair.

REPORT OF THE SCHOOL BOARD.

We submit the following report for the school year ending July 15, 1909:

There have been 217 weeks of school; the average length of all the schools has been 31 weeks, the longest school being 32 weeks and the shortest 30 weeks. All were taught by women teachers. Seven teachers were employed, reckoning successive teachers in the same school as one. The number of scholars in each school has been: North Grammar, 21; Primary, 17; Center, 28; South, 14; Poplar, 11; East Sutton, 10; the Mountain, 8. The number of pupils in each study has been: Reading, spelling and penmanship, each, 109; arithmetic, 85; geography, 74; grammar, 66; United States history, 57; drawing, 50; algebra, 5; nature study, 71; vocal music, 50. The number of children between the ages of 5 and 16 years found by the truant officer in the September, 1909, enumeration, was 105, boys 54, girls 51, a gain of 10 over last year. The number registered in all the schools was 109; and the number of pupils not less than 5 years of age attending school not less than 2 weeks was 107. The whole number of days' attendance by all the scholars was 12,293; the average membership in all schools together was 90.09; the average attendance was 84.98, and the per cent. of attendance was 94. The greatest number of pupils in any school was 28, and the least number 6. The number of official visits to schools by members of the school board was 100, and the number of visits by citizens was 400.

In the present school year the Center School has been divided, and a system of grading begun. A removable board partition was put through the room, making two rooms which answer a temporary purpose fairly well, but if the present conditions prove permanent, a better arrangement of the rooms will be needed. In the Mountain division, at the end of the

fall term, only two pupils were left for the next term; the school was therefore closed for the winter.

Under the law passed by the Legislature of 1909, giving to towns state aid based upon the average attendance of pupils, Sutton has received \$69.75. Attention is called to the fact that the continuation of this aid to us depends upon our keeping up a large average attendance of pupils. The presence of your child in school every day the school is in session, not only helps the child, but also helps the district to more money from the state.

The district treasurer's report shows an apparent overdraft on the general fund. This, however, is only apparent, not real. The expenses have really been kept within the appropriation. The sum of \$69.75, referred to above and belonging to the district, is in the town treasury, but for some reason was not paid to the district treasurer before the books were closed for the year. When this sum is paid in, it will pay all bills of this year and leave a small surplus.

In accordance with chapter 52, Laws of 1909, we submit the following estimate of money needed to meet the statutory obligations of the district for the coming year:

For high school tuition,	\$500.00
books and supplies,	150.00
flags,	20.00
Total,	<hr/> \$670.00

The condition and the work of the schools for the year just passed seems to your school board to have been unusually satisfactory.

BENJAMIN K. COBURN,

Treasurer.

We have examined the accounts of the school district treasurer for the year ending February 19, 1910, and find them correctly cast and vouchers for all payments.

CHARLES R. FOLLANSBEE,

FRED L. WELLS,

Auditors.
